RE: Changes to Beverly Beach Rates

Dear FGUA Beverly Beach Customer:

The FGUA was notified that the City of Palm Coast, which provides water and sewer services to the FGUA, approved Ordinance 2025-04, which increased bulk water and wastewater rates by eight percent effective April 1, 2025, and an additional eight percent rate increase effective October 1, 2025, with subsequent annual adjustments on October 1 each year, commencing October 1, 2026.

Since the FGUA receives water and sewer services from the City of Palm Coast for customers in the Beverly Beach System, FGUA Rate Resolution 2023-11, which was approved by the FGUA Board of Directors following duly noted public hearings on December 15, 2022, requires the FGUA to adjust its rates at the amount equal to the City of Palm Coast's adjustments, and those costs are then passed through to our customers.

As a result, FGUA customers in Beverly Beach will receive a 16 percent increase on water and sewer consumption charges that will take effect on services rendered on or after March 1, 2026.

The adjustments are outlined below:

Beverly Beach

	Current Rates Effective October 1, 2025		Rates Effective March 1, 2026	
	Water	Sewer	Water	Sewer
Residential	$8.89	$6.96	$10.31	$8.07
Commercial	$8.89	$8.34	$10.31	$9.67

Note: Consumption charge per 1,000 gallons of metered water

We want you to know that your payments will ensure that you and your neighbors have safe, reliable, high quality utility services and that we will always listen to your concerns. If you have other questions, please contact FGUA Customer Service at (904) 990-1441.

Sincerely,

FGUA Management

FGUA Board of Directors
