Fun facts about the 3Ps

Fact #1 Our sewer systems are designed to handle only 3 things. Pee, poop, and toilet paper!

Fact #2 Flushable wipes are not actually flushable; these wipes do not break down in the sewer system.

Fact #3 Items like dental floss, wipes, paper towels, diapers, gloves, and many others should be thrown into the trash, not the toilet, after use.

Fact #4 When non flushable items are flushed, they tangle together to create what is referred to as a "rag"

Fact #5 Heavy rain fall can cause sewers to overflow when the sewers are clogged with rags.

Fact #6 By flushing only the 3Ps we protect or homes, neighborhoods, and environment!
